1 1/4" Flexible Vinyl J-Channel 12'6" Section

1 1/2" Flexible Vinyl J-Channel 12'6" Section

BLACK BRIGHT WHITE FLAT WHITE TAN BEIGE GREY PEWTER BRONZE

Our Vinyl J Channel or Flex J Channel is specifically designed for the windows and siding industry and is ideal for round, oval, half-moon and other custom or curved windows and doors.

Flex J provides flexibility that rigid J channel cannot. Our Flex J product can be easily adapted to confirm to just about any shape window or archway, and the pre-cut slits facilitate installation.

Our product is available in 3 widths: 3/4 inch, 1-1/4 inch and 1-1/2 inch. Each piece is 12 feet 6 inches long. Colors vary depending on width. ****NOW AVAILABLE IN BLACK****
